PROFILE

Computer Science student and full-stack developer specialising in React.js, Next.js, and modern JavaScript, with foundational exposure to .NET (C#) and SQL Server. Academic background in core CS disciplines including AI, Machine Learning, and Data Structures, complementing hands-on experience building performant, SEO-friendly web applications. Proven track record delivering production-ready projects for real clients — from marketing agency platforms to e-commerce storefronts — with a focus on code quality, scalability, and user experience.

TECHNICAL SKILLS

Frontend	React.js, Next.js, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS
Backend	Node.js, Express.js, REST APIs, .NET / C#
Databases	MongoDB, MySQL, SQL Server
AI / ML	Python, NumPy, Pandas, scikit-learn, Matplotlib, Jupyter Notebook
Tools	Git, GitHub, Vercel, VS Code, Figma, Google Colab

EXPERIENCE

Next.js Developer

2026 – Present

Dropline Media — Marketing Agency

- Built and maintained the agency website using Next.js and Tailwind CSS, with strong focus on performance and SEO.
- Developed reusable React component libraries to accelerate delivery of client marketing pages.
- Implemented SSR and SSG strategies for optimal Core Web Vitals and fast page load speeds.
- Integrated REST APIs and third-party marketing tools into Next.js applications.
- Translated Figma mockups into pixel-perfect, fully responsive UIs with cross-browser compatibility.

Full-Stack Developer

2024 – Present

Self-Employed / Freelance

- Developed full-stack applications using React.js, Next.js, and Node.js for diverse client requirements.
- Designed and integrated RESTful APIs for seamless frontend-backend communication.
- Managed MongoDB and MySQL databases; built authentication systems and admin dashboards.
- Deployed all applications on Vercel with CI/CD workflows via Git and GitHub.

.NET Development Intern

2025 (6 Weeks)

Safex Solutions

- Completed a 6-week intensive internship focused on .NET development using C# and ASP.NET.
- Built and styled web pages using HTML, CSS, JavaScript, and Tailwind CSS.
- Assisted in developing UI components and implementing responsive layouts.
- Learned Git version control and standard professional project workflows.

PROJECTS
